TalentFusion Impacts ROI of Companies Facing Economic Challenges

Boston, MA-May 8, 2008-TalentFusion, a leading Recruitment Process Outsourcing firm based in Western Massachusetts, reports solid growth this year and successful implementation of their RPO services enterprise wide.

“The difficult economic times have forced companies to improve their bottom line by reevaluating their budgets and eliminating unnecessary overhead. TalentFusion is perfectly positioned to step in and accelerate that process with an effective recruitment process outsourcing model,” said David Pollard, TalentFusion President.

TalentFusion provides streamlined client centric services to enable companies that have staffing and recruiting needs that fluctuate an intelligent, scalable and cost effective alternative to hiring contract recruiters or utilizing expensive contingent recruiting services.

Over the past 10 years TalentFusion has been able to help customers reduce their cost-per-hire and their overall cost of talent acquisition, coupled with shorter cycle times, through their recruitment process outsourcing model that remains cutting edge in this quickly emerging RPO marketplace.

TalentFusion specializes in servicing the IT and Financial Services, Industrial, Pharmaceutical, Energy, and Mass Media industries. The TalentFusion business model allows companies to optimize their recruiting efforts, offers a quick ramp up which leads to results and brings a true professional services model to an industry long dominated by traditional staffing models. TalentFusion clients enjoy tremendous customer service and increased efficiencies enterprise wide.
